Schindler's List at 30 Making a Museum of Survivors

Emilie Schindler – Gender and Testimony Education

13-15th October, 2023

Brnenec, Svitavy and Brno, Czech Republic

We would like to invite you to a **series of events with the visit of Erika Rosenberg the heir and biographer of Emilie Schindler, "The Angel of Schindler's Ark"**.

What was the role of Emilie Schindler, the wife of Oskar, in saving 1200 Jews in Brnenec? Were the Jews saved by an individual or a partnership of Oskar, Emilie and the Jews themselves? How has the role of Emilie Schindler been portrayed, in the script of a film Oskar contributed to in the 1960s, in the book and film Schindler's List, and in the memoirs of Emilie Schindler?

What does this tell you about the changing role of gender? How can her role be represented in the Museum of Survivors in Brnenec? We would like your contributions.

We will be organizing a series of events engaging with school children, the wider public and recording new testimonies about Emilie Schindler where the events occurred. The events will then be extended with testimony learning activities in classrooms:
